CEO Message

Thank you very much for your interest and support for S-TOP CO.,LTD
In the early 90s, I witnessed an accident in construction site. I was very sad to watch that because the accident could have been prevented. Having recognized the importance of disaster prevention since then, I founded S-TOP CO.,LTD.
S-TOP CO.,LTD has never failed the test performed by KOSHA(Korea Occupational Safety and Health Association).

From 2012, we started to export to Japan. Now we export Japan, Hongkong, Vietnam, U.S.A, Thailand, Qatar.

Until our products are exported all over the world, we will be the top company of safety equipments that we constantly challenge and develop.

Jungsoo, Lee
